Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Monday 19 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Remaining settled and dry.

This Evening and Tonight:
A cloudier night for the far west but staying dry for all. Patchy frost or fog remains possible, especially for eastern areas, although less widespread than recently. Minimum temperature -2 deg C (28 deg F).

Tuesday:
A cool but sunny start for most. Cloud bubbles up throughout the day, bringing with it the odd, light shower in the afternoon. Rather warm, especially inland. Maximum temperature 17 deg C (63 deg F).

Outlook for Wednesday to Friday:
Sunny spells Wednesday, with some scattered showers. Fine and dry with patchy fair-weather cloud for Thursday and Friday, but increasingly windy, especially in the far southwest.
